

Fuyue (付月) - English Translation Notes

This is a practical English translation of the readable text in the PDF. I kept the original stitch counts and size groupings.

Yarn

125 (150) 150 (175) 175 (175) 200 (200) g of **Soft Silk Mohair** by Knitting for Olive, 225 m / 25 g, held **double**.

If you want a denser fabric, you can hold **three strands** of silk mohair together instead. You will need about 200 (200) 225 (225) 250 (275) 300 (300) g of mohair of a similar weight.

Description

This is a simple, fitted long-sleeve sweater with a boat neckline.

The sleeves are fitted, with looser cuffs.

The neckline is shaped with short rows and is slightly close-fitting.

The garment is worked **top down**.

Before starting, knit a swatch to check gauge and choose the right needle size. Read through the whole pattern before beginning.

Sizing

This sweater is designed with **negative ease**. Choose a size that is about 2-5 cm smaller than your actual bust measurement.

Sizes: XS (S) M (L) XL (2XL) 3XL (4XL)

Fits actual bust:

80-85 (85-90) 90-95 (95-100) 100-110 (110-120) 120-130 (130-140) cm

Example: if your bust is 88 cm, subtract 2-5 cm to get 83-86 cm, so knit size S.

If you are between sizes, choose the **smaller** size.

Construction

Worked from the top down:

1. Shape the neckline with short rows while increasing for the shoulders.
2. Knit the yoke and sleeve caps.
3. Knit the body.
4. Knit the sleeves, decreasing first and then increasing again.

Abbreviations / techniques

- M1R: right-leaning increase. Insert the left needle from back to front into the strand between stitches and knit it.
- M1L: left-leaning increase. Insert the left needle from front to back into the strand between stitches and knit through the back loop.
- M1RP: right-leaning purl increase.
- M1LP: left-leaning purl increase.
- K2tog: knit 2 together.
- SSK: slip 1 knitwise, slip 1 knitwise, return them to the left needle, knit them together through the back loop.
- P2tog: purl 2 together.
- SSP: slip 2 purlwise together, return them to the left needle, purl them together through the back loop.

Finishing / yarn tails

Because the garment is fairly loose overall, weaving in ends can be tricky. Hide ends or joins at

the side seams or underarm area so they are less visible.

Start: neck edge and shoulders

Use 6 mm needles. Cast on 66 (70) 70 (74) 78 (78) 78 (80) stitches. Cast on fairly tightly so the neckline stays firm.

Join to work in the round and place 4 markers while working 1 round in stockinette:

- M1: beginning of round / right shoulder
- Knit 2
- M2
- Knit 31 (33) 33 (35) 37 (37) 37 (38)
- M3
- Knit 2
- M4
- Knit 31 (33) 33 (35) 37 (37) 37 (38)

Begin short rows. Work flat in stockinette, increasing on both sides of M1-M4 to shape the shoulders. The short rows are worked on the front.

Early short-row setup:

- Step 1 (RS): slip M1, knit 2, slip M2, M1L, knit 3, turn.
- Step 2 (WS): purl to M2, M1LP, slip M2, purl 2, slip M1, M1RP, purl to M4, M1LP, slip M4, purl 2, slip M3, M1RP, purl to 3 stitches past previous turn, turn.
- Step 3 (RS): knit to M3, M1R, slip M3, knit 2, slip M4, M1L, knit to M1, M1R.

Repeat steps 1-3 once more. After 3 short rows on each side, a total of 24 stitches have been increased.

Then continue in the round and keep increasing at M1-M4.

Yoke / raglan shaping notes

The pattern then continues with:

- more increase rounds at the 4 markers,
- sleeve-cap shaping,
- for larger sizes (L-4XL) extra body-only increases while sleeve stitch counts stay the same,
- then sleeve separation.

Selected stitch-count checkpoints visible in the PDF:

- after early short-row shaping: 90 (94) 94 (98) 102 (102) 102 (104) stitches
- after another increase section: 98 (106) 110 (114) 122 (122) 126 (128) stitches
- later total: 134 (146) 150 (158) 166 (166) 170 (172) stitches
- stitch distribution at one checkpoint:
 - sleeves: 20 (22) 22 (24) 24 (24) 24 (24) each
 - front/back panels: 47 (51) 53 (55) 59 (59) 61 (62) each
- later total: 170 (182) 186 (194) 202 (202) 206 (208) stitches
- later total: 202 (214) 226 (234) 250 (250) 254 (256) stitches

For sizes L-4XL, the body gets additional increases while the sleeve counts stay unchanged. Other sizes skip that section and go straight to sleeve separation.

Sleeve separation

At sleeve separation, the pattern instructs you to remove M1, cast on underarm stitches with backward-loop cast-on, put sleeve stitches on waste yarn, and continue across the body. A visible checkpoint after separation shows:

118 (126) 134 (146) 158 (174) 190 (204) body stitches.

Then work even until the front length from the center front measures about:

52 (53) 54 (56) 58 (60) 63 (65) cm

Bind off with any stretchy bind-off.

If you are worried about the hem flipping and want an i-cord edge at the bottom, you can use an i-cord bind-off instead.

Sleeve

Place the sleeve stitches on 6 mm needles and use a 40 cm or 90-100 cm circular.

Starting from the middle of the underarm:

- pick up 2 (2) 2 (2) 2 (3) 4 (6) stitches,
- knit across the sleeve stitches 46 (48) 50 (52) 54 (54) 54 (54),
- pick up 2 (2) 2 (2) 2 (3) 4 (6) stitches,
- place a beginning-of-round marker in the middle of the underarm.

Total sleeve stitches:

50 (52) 54 (56) 58 (60) 62 (66)

Work 10 rounds even.

Then continue in stockinette and decrease every:

5 (5) 5 (5) 5 (4) 4 (4) rounds

Work the decrease sequence:

- Round 1: knit 1, k2tog, knit to last 3 stitches, ssk, knit 1.
- Rounds 2-5 (5) 5 (5) 5 (4) 4 (4): knit all stitches.

Repeat this decrease sequence 5 (6) 6 (6) 7 (8) 8 (8) times.

After the decreases, stitches remaining:

40 (40) 42 (44) 44 (44) 46 (50)

Continue knitting even until the sleeve measures about 26 cm from the underarm. The visible note says this is roughly another:

16 (10) 10 (10) 6 (8) 8 (8) rounds of plain knitting after the decrease section.

Then shape the cuff by increasing every:

7 (7) 7 (7) 7 (7) 7 (11) rounds

Work:

- Round 1: knit 1, M1L, knit to last stitch, M1R, knit 1.
- Rounds 2-7 (7) 7 (7) 7 (7) 7 (11): knit all stitches.

Repeat that increase sequence 5 (5) 5 (5) 5 (5) 5 (3) times.

Then sleeve stitches are:

50 (50) 52 (54) 54 (54) 56 (56)

Work another 2 (3) 3 (3) 3 (3) 4 (4) cm even.

Sleeve length from the underarm should be about:

46 (47) 47 (47) 47 (47) 48 (48) cm

Bind off with a stretchy bind-off or i-cord bind-off.

Finishing

Weave in ends and wet block to the correct measurements.

If you want the neckline tighter, you can pick up 66 (70) 70 (74) 78 (78) 78 (80) stitches along the neckline and work 1 round of i-cord edging using 5 mm needles.

The visible note at the end says the same i-cord method can also be used for the hem and cuffs.
