

Nordic beanie

You need about:

4 - ply to 5-ply yarn (sock yarn, Merino or Acrylic yarn)

Knitting gauge: 6 stitches and 7 rows in 2 x 2 cm, 8 stitches and 9 rows in 1 x 1 inch

Hat will fit a head circumference of about 54 - 56 cm. For bigger sizes go up one needle size and/or use thicker yarn.

I used 4-ply sock yarn white and black (50 g/196 metres).

You can use any similar yarn.

You need about:

35 g in white, 35 g in blue

1 circular needle 3.0 mm 40 cm

1 set of double pointed needles 3.0 mm (5, preferably 20 cm in length as it will be easier to knit with them) for the top of the hat.

1 tapestry needle to weave in the ends.

Cast on 128 stitches in blue with circular needle.

Join in the round being careful not to twist. Mark beginning of the round with some different yarn leftover.

Do ribbing in blue as follows:

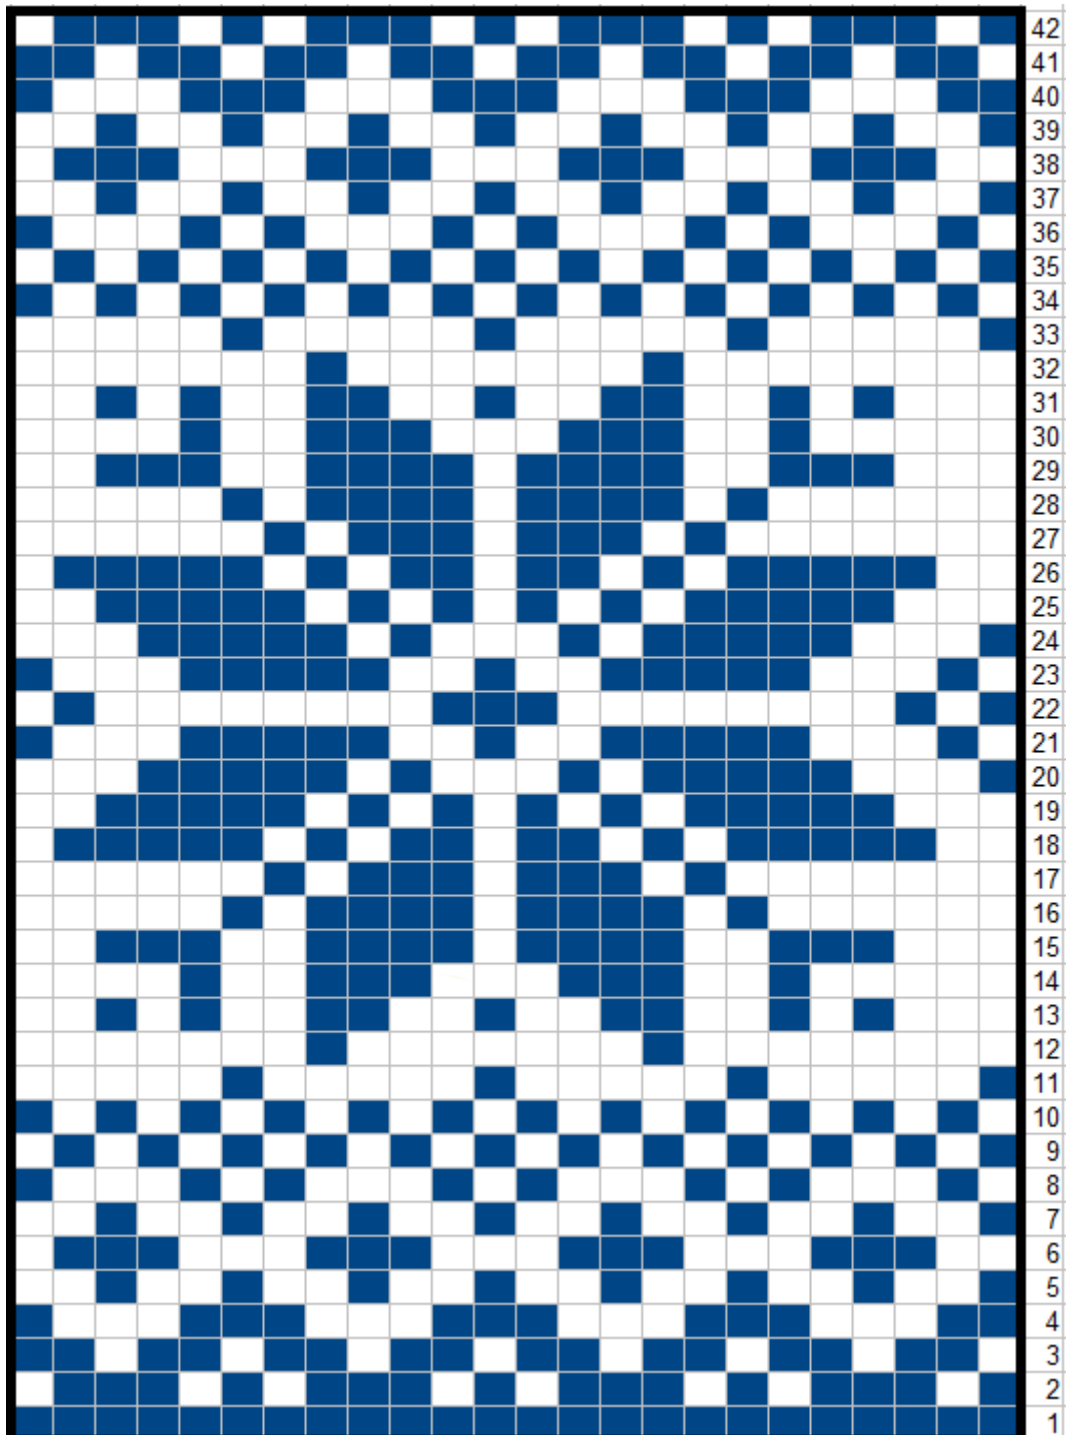

* Knit 2 stitches through backloop , purl 2 stitches *. Repeat * until ribbing measures 3 to 4 cm.

Please note on all color charts:

Always carry the not used yarn loosely with you otherwise your knitting will become too tight. Cross not used yarn after 3 to 4 stitches in order to avoid long floats on the back. But do this at alternating positions in each round otherwise the floats will show through.

Knit chart 1, increasing 16 stitches in the first blue round as follows:
 * Knit 8 stitches, make 1 stitch *. Repeat * (144 stitches)

Chart 1 (24-stitch repeat)

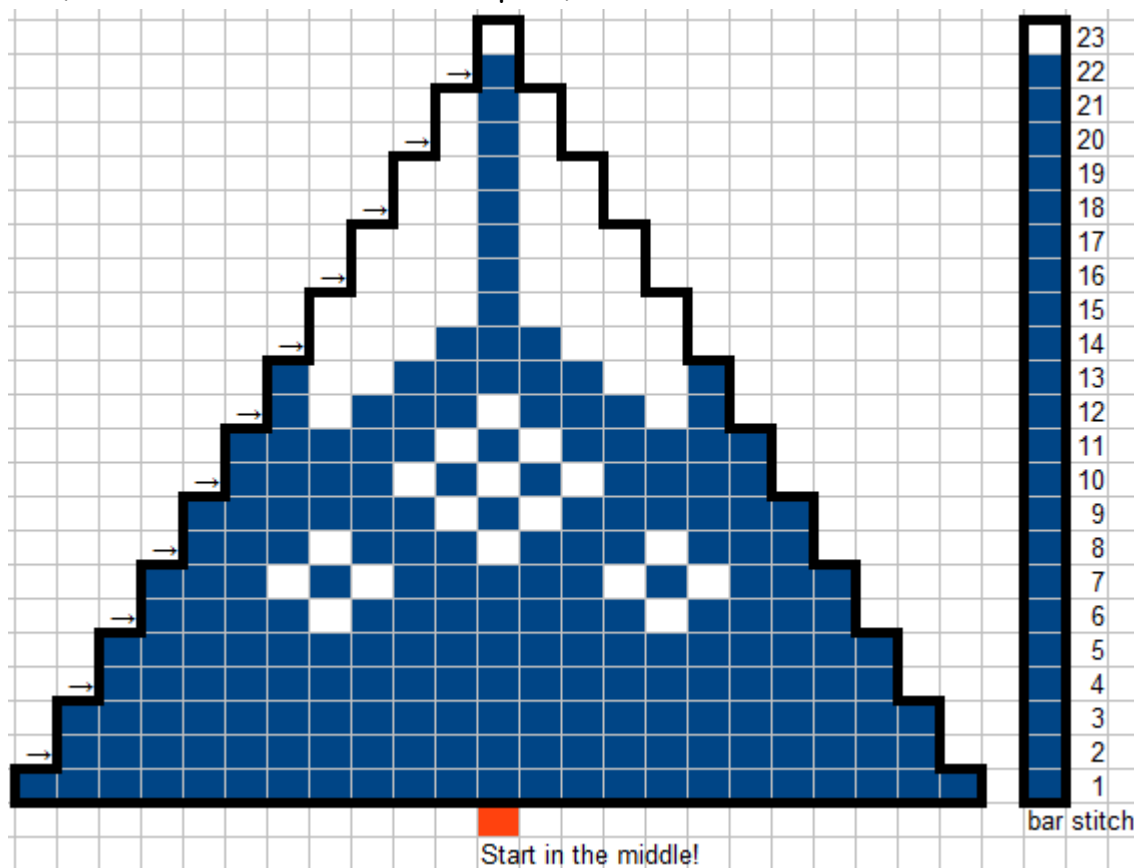

Knit chart 2 as described below:

Always start with the red marked stitch in the middle of the pyramid! Knit all pyramid stitches left of the red marked stitch, knit stitch for the single row of stitches (= bar stitch), knit all pyramid stitches left of the bar stitch until you reach the red marked stitch again. Repeat this step all around the beanie.

For the decrease rounds (→ arrow rounds) knit as follows:

Start again with the red marked stitch in the middle of the pyramid! Knit all pyramid stitches left of the red marked stitch. Slip 2 stitches knitwise TOGETHER (as if one stitch!), knit the next stitch in the bar stitch color, pull slipped stitches over knitted stitch. Knit all pyramid stitches left of the bar stitch until you reach the red marked stitch again. Repeat this all around the beanie.

Chart 2 (starts with a 24 - stitch - repeat)

After the chart 12 white stitches are left.

Last round: * Knit 2 stitches together in white*. Repeat *. (6 stitches)

Cut yarn but leave tail. Pull yarn twice through remaining stitches. Pull it from the outside through the middle of the beanie top to the inside and weave it in.

Weave in remaining yarn tails.

If you like, make pompon and sew it onto the hat.
