— Necessities —

Needles:

A 24" or 36" circular needle in your chosen size for magic loop knitting.

Choose needles that are at least 2 sizes smaller than recommended on the ball band in order to produce a firm fabric

Notions:

- Stitch Marker or Inc / Dec Counter
- Row Counter
- Sock Ruler or Measuring Tape
- Scissors
- Darning Needle

Yarn: Any yarn may be used for this pattern, but a wool or wool blend is recommended.

Acrylic socks will not breathe well and cotton, without the addition of elastic, won't have the memory to stay up well.

Any yarn labeled as "sock yarn" is a good choice.

— Glossary —

K - Knit

P - Purl

PM - Place Marker

W&T - Wrap and Turn (for short rows on the heel)

KFB - Knit into the front and back of the same

Magic Cast On (Turkish Cast On):

Arrange 2 needles parallel to each other and place a slip knot on the back needle.

Wrap working yarn completely around both needles from back to front. Repeat for until you have the correct # of cast on stitches.

Pull the bottom needle out so that the loops now rest on the cord, ready for magic loop. Knit the loops across the top needle as if they were stitches.

Your stitches have now doubled with half on the top needle and half on the bottom needle.
(This is round 1)

Rotate and knit the other half of your stitches. First round complete.

Wrap & Turn

Bring the working yarn to the opposite side of the needles.
To the front for Knit
To the back for Purl

Slip the next stitch to the right needle as if to purl

Bring the working yarn back to the correct side of the work and slip the stitch back to the left needle

Turn and work the next row of instructions

Picking Up Wrapped Stitches

When you come to a wrapped stitch, insert your right needle tip into the wrap bar

Place the wrap bar onto the needle next to your next stitch

Knit or purl the wrap together with the next stitch

Note:
When working Reverse Shaping, there should be 2 wraps to pick up on all but the first stitch.

Note

*These socks are knit from the toe up, using the magic loop method.
This is done so that the socks can be tried on and adjusted as you go so they can conform to your unique combination of yarn, needles and gauge.
This is what makes it “MAGIC”.*

There is no set number of stitches or sizes given, but we do recommend that you keep track of your personal stitch counts and measurements in the reference box provided. There's no need to reinvent the wheel for the 2nd sock and it's always better when socks match.

If you are knitting your socks for someone else and don't have the ability to try them onto the actual feet, average measurements are provided for you to use for your reference.

If you find that you truly hate the magic loop method of knitting, you can switch to double pointed needles or a 9" circular after you have finished the toe increases and the initial try on.

Toe:

Using the Magic Cast On, cast on 8 stitches.

Round 1: K4, PM, K12 (8 stitches on front needle, 8 stitches on back needle)

Round 2: (Kfb, knit until 2 before end of needle, kfb, k1) twice (4 stitches increased)

Round 3: Knit around

Repeat rounds 2 & 3 until sock is just narrower than the widest part of your foot.

Count your stitches and put this as your “Magic Number” foot stitch count in your reference box.

To measure:

Lay your sock toe across your foot at the widest point, or use the average foot width chart below.

REMEMBER: Socks are stretchy and this doesn't need to be 100% precise. If it is close, it will fit just fine and when in doubt, err on the side of too small rather than too big.

No one likes a baggy sock.

Measure like this:

Laying across the foot

DO NOT measure like this:

The stitches will skew to one side resulting in a wider sock than you want.

Average Foot Widths:

Women's:

5 - 3.25" (8.25 cm)
6 - 3.25" (8.25 cm)
7 - 3.5" (9 cm)
8 - 3.5" (9 cm)
9 - 3.75" (9.5 cm)
10 - 3.75" (9.5 cm)
11 - 4" (10 cm)
12 - 4" (10 cm)

Men's:

5 - 3.5" (9 cm)
6 - 3.5" (9 cm)
7 - 3.5" (9 cm)
8 - 3.75" (9.5 cm)
9 - 4" (10 cm)
10 - 4" (10 cm)
11 - 4" (10 cm)
12 - 4.25" (10.75 cm)

MY REFERENCE

(because socks should match)

Foot Stitch Count _____

Foot Size (length) / Row Count _____

Leg Length / Row Count _____

Note: For precisely matched socks, use a row counter instead of a stitch marker to keep track of exactly how many rows your foot and leg are.

Foot:

Knit every round for 1 or 2" (or until your sock is now long enough to cover the ball of your foot.

Fit check!

Now that you have a little bit of length, try your sock on and see how you like the fit.

Is it too tight?

Rip back to where your toe increases ended. Work rounds 3 & 4 of the toe section 1 or 2 more times to add a little extra width.

Is it too loose?

Pinch the edge of the sock until it is tight against your foot how you would like.

Count the number of stitches in your pinched section.

Current stitch count _____ - Pinched stitches _____ = New Stitch Count _____

Rip back past where you stopped your toe increases until you have the correct New Stitch Count.

Continue knitting your foot until the total length of your sock is 2" shorter than the actual length of your foot.

Use one of our no math sock rulers to get perfect socks based on shoe size, or use the following chart:

Mark your shoe size or your foot length in your

Average Foot Length From Tip Of Toe To Beginning Of Heal Shaping

Women's:	Men's:
5 - 7" (18 cm)	5 - 7.25" (18.5 cm)
6 - 7.25" (18.5 cm)	6 - 7.5" (19 cm)
7 - 7.5" (19 cm)	7 - 7.75" (19.5 cm)
8 - 7.75" (19.5 cm)	8 - 8" (20 cm)
9 - 8" (20 cm)	9 - 8.25" (21 cm)
10 - 8.25" (21 cm)	10 - 8.5" (21.5 cm)
11 - 8.5" (21.5 cm)	11 - 8.75" (22.5 cm)
12 - 8.75" (22.5 cm)	12 - 9.25" (23 cm)

reference box

Short Row Heel:

Work back and forth on the front needle only.

Row 1: Knit until 2 stitches before end of needle, w&t

Row 2: Purl until 2 stitches before end of needle, w&t

Row 3: Knit until 1 stitch before last wrapped stitch, w&t

Row 4: Purl until 1 stitch before last wrapped stitch, w&t

Repeat Rows 3 & 4 until 4 unwrapped stitches remain on either side of the central stitch marker.

Reverse shaping:

Row 1: Knit until last wrapped stitch, pick up wrap(s) and knit, w&t

Row 2: Purl until last wrapped stitch, pick up wrap(s) and purl, w&t

Repeat Rows 1 & 2 until 1 stitch remains unwrapped on each end of the needle.

Leg:

Work in the round on both needles.

Round 1: Knit around, picking up wraps as you go.

Round 2: Knit

Repeat round 2 until sock leg is 1" shorter than your desired length.

(for easy, no measure crew socks, knit your leg the same length as your foot length)

Average Leg Length Before Cuff:

Women's:	Men's:
No Show - 0"	No Show - 0.5" (1.25 cm)
Shorty - 2.5" (6.25 cm)	Shorty - 2.5" (6.25 cm)
Crew - 5.5" (14 cm)	Crew - 6.5" (16.5 cm)
Boot Socks - 7.5" (19 cm)	Boot Socks - 8"

Cuff:

Round 1: (K2, P2) around

Round 2: Repeat round 1 until cuff measures 1"

Bind off:

K1, (YO back to front, K1, pass YO & K1 over last stitch) around, binding off all stitches.

Break yarn and weave in all ends.

Hand wash & lay flat to dry to block your socks

No show sock left - Crew sock right
