

YER BASIC MITTEN PATTERN (plus variations)

Revised Dec 2019

This pattern will make a full mitten, or a fingerless version. Fingerless version can be made with or without a mitten flap, and with a full or fingerless thumb. For comfort, short rows are used to add height to the index-finger side of the fingerless version, and to add length to the palm side of the mitten flap.

- Sport or DK weight wool for fingerless, 50gr for fingerless (barely enough), 100gr for full mitten or mitten flaps attached
- #2 or 2.5 double pointed needles (2.75mm-3mm) (suggest 3mm for sport, 2.75 for DK)
- Stitch markers; Stitch holders
- Small crochet hook for picking up stitch (optional)
- Gauge: 26st/32rows per 4 inch

Right Hand: Next row: K (18,20,22)(26,28,30) sts, put in a marker, K (3,4,3)(4,5,4) sts, put in 2nd marker, K (11,12,15)(14,15,18) to finish round

Top: Regular Mittens:

- K to 1st marker, K2 into next st, slip off (13,14,15)(16,17,18) st onto thread, Cast on(1,2,1)(2,3,2) st over sts slipped off, K2 into next st, K to finish round. (34,38,42)(46,50,54) sts.

 Use kitchener stitch to sew remaining sts (or sew remaining stitches, alternately picking up one stitch from each side.)
 Tie off firmly.

Top: Fingerless Mittens:

Short rows make the mitten longer on the index finger side. With a mitten flap, P stitches are used to indicate where to attach the mitten flap, and since the palm tends to pull toward the wrist in the center, ~~so~~ the placement of the short rows for this version is shifted to compensate with ~~leave more~~ length on the palm side ~~to compensate~~.

With mitten flap:

Right hand: P to 1st marker, remove marker and K2 into next st, slip off (13,14,15)(16,17,18) st onto thread, Cast on(1,2,1)(2,3,2) st over sts slipped off, K2 into next st, remove marker and K to finish round. Left hand: K sts before 1st marker, P sts after 2nd marker. (34,38,42)(46,50,54) sts
